SUMMARY

Full-Stack Developer proficient in building end-to-end web applications with React, Node.js, Express, and MongoDB / SQL. Experienced in architecting RESTful APIs, implementing robust data models with Mongoose and Zod validation, and crafting responsive, component-driven user interfaces using Tailwind CSS. Skilled in secure state management, environment configurations, and deploying scalable applications to cloud platforms like Vercel and Render.

TECHNICAL SKILLS

Languages & Core: JavaScript (ES6+), TypeScript, HTML5, CSS3, JSON, SQL

Frontend: React.js, React Hooks, Vite, Tailwind CSS, Responsive UI Design, Component Lifecycle

Backend & APIs: Node.js, Express.js, RESTful APIs, MVC Architecture, Zod Validation, Mongoose ODM

Databases & DevOps: MongoDB Atlas, MySQL, Git, GitHub, Vercel, Render, Postman, Environment Variables (.env)

EXPERIENCE

Claw Steps

2025 – 2026

Website Developer & UI/UX Designer

New Delhi, India

- Engineered the core web application using **React.js** and modern styling patterns, delivering a mobile-first responsive booking workflow.
- Applied client-side performance tuning, metadata management, and technical **SEO strategies** to maximize search visibility and organic discovery.
- Designed brand identity and intuitive user flows, reducing friction across customer onboarding and service scheduling.

Deepali Design Pvt. Ltd.

2023 – 2024

Archiving Specialist / Software Support

New Delhi, India

- Collaborated with developers to **test, debug, and validate** internal software tools across varied desktop and web environments.
- Supervised and maintained multi-gigabyte digital media repositories (CAD, 3D assets, PSDs) with strict data integrity controls.
- Streamlined digital asset pipelines to improve turnaround time for design team handoffs.

PROJECTS

Studio Sarthak – Choreography Web Platform | React.js, TypeScript, Tailwind, React Router

2026

- Engineered a modern, responsive single-page web platform utilizing **React, TypeScript, and Tailwind CSS** to present services, portfolios, and booking inquiries.
- Implemented multi-route client navigation using **react-router-dom**, featuring dedicated views for pricing packages, interactive location maps, and service breakdowns.
- Built rich interactive UI components including a **filterable performance video gallery**, modal video previews, testimonial swipe carousels, and smooth on-scroll animations.
- Designed and integrated a validated client inquiry form and FAQ accordion to streamline lead generation and customer conversion.

Claw Steps Web Platform | React.js, Tailwind CSS, Component Architecture

2025

- Developed a component-driven single-page booking application with seamless routing and modular state management.
- Implemented dynamic interactive forms, modal confirmation dialogs, and automated layout adaptations across mobile and desktop.

EDUCATION

GITAM <i>Bachelor of Computer Applications (BCA)</i>	Completed 2025 New Delhi, India
Coursework: Data Structures & Algorithms (DSA), Relational Database Management (RDBMS), Web Technologies, Software Engineering.	
GBSSS MG-Delhi <i>Senior Secondary (12th Grade)</i>	Completed New Delhi, India
Core background in Mathematics and Computer Science fundamentals.
